God calls everyone to gather around His Word, grow together in faith and love, and go as serventa who follow Jesus.

## <u>Vision</u>

Through an intentional Christ-centered approach, St. Paul Lutheran School will provide a premier education in a nurturing environment to a diverse student body.

## **Core Values**

- · Jesus Christ is taught and integrated in all subject areas and activities
- Home, church, and school partner together
- · Academic excellence is maintained
- God's children are loved and equipped
- Students grow in Christian leadership
- · St. Paul is a safe and encouraging environment

## **Governance**

The Executive Team is a governing body of St. Paul Lutheran Church that is empowered with the oversight of the school ministry. The school administrator (principal) is responsible for the daily operation of the school.

## **Accreditation**

St. Paul Lutheran School is accredited by the National Lutheran School Accreditation (NLSA) of the Lutheran Church Missouri Synod and also by the Michigan Association of Nonpublic Schools (MANS). Annual reviews of accreditation documentation are submitted to the MI District NLSA Commission. The accreditation is based on a five-year cycle.

St. Paul also follows the State of Michigan's standards of elementary education. This applies to all subject areas being taught, the required time allotments to the various subjects, the number of school days for classes to be in session, and the physical facilities of the school. The student accounting regulations and attendance reports are administered in accordance with the directives of the State of Michigan. Therefore, the transfer of graduates and under-graduates of our school is approved, and an entrance test to another school is not required.

## **History**

The congregation of St. Paul Lutheran Church, Ann Arbor, was formally organized on January 20, 1908. Under the guidance of the Holy Spirit the congregation has "let its light shine," and has shared the Gospel of Jesus Christ with many. The growth in membership and facilities over the years testifies to God's grace, mercy, and blessings.

In the fall of 1963, the congregation added a Christian elementary school to its educational agencies, and St. Paul Lutheran School was dedicated on September 20, 1964. Sixty-nine students enrolled in Kindergarten through fourth grade for that first year.

As enrollment increased, and fifth and sixth grades were added, four additional classrooms and a shower room were built in 1966. Seventh grade was added in 1973, and eighth grade in 1974 - and soon another building addition was required. On September 28, 1986, a science classroom, library, and multipurpose room were dedicated. To commemorate the school's twenty-fifth anniversary, a Thank Offering was given to build the enclosed covering (or "canopy") over the front entry, completed in the spring of 1990.

Enrollment continued to grow so in 1998, St. Paul Lutheran Church approved a building plan that would double the school's size. Construction of a second gymnasium, four additional classrooms, new locker rooms, and a new kitchen began in 1999, and was completed for the 2000-2001 school year.

## Statement of Belief

#### We Believe...

...in the Triune God - the Father, the Son, and the Holy Spirit.

"Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit." Matthew 28:19

... that God the Father created this world and the universe perfectly.

"In the beginning God created the heavens and the earth." Genesis 1:1

... that Jesus Christ, true God and true Man, came into this world; that He suffered, died and rose again from the dead; and by His action, paid for the sin of all humankind.

"We believe that Jesus died and rose again and so we believe that God will bring with Jesus those who have fallen asleep in him." 1 Thessalonians 4:14

"For the wages of sin is death, but the gift of God is eternal life in Christ Jesus our Lord." Romans 6:23

... that the Holy Spirit, through the Word, sanctifies us and brings us to faith in Jesus Christ. "You were washed, you were sanctified, you were justified in the name of the Lord Jesus Christ and by the Spirit of our God." 1 Corinthians 6:11

... that we are saved by grace through faith and that good works, while they do not save us, are a witness to our faith.

"For it is by grace you have been saved, through faith - and this is not from yourselves, it is a gift of God - not by works, so that no one can boast." Ephesians 2:8-9

... that the entire Bible is the inspired Word of God; that it is without error and that God reveals His will and His plan of salvation through it.

"All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work." 2 Timothy 3:16-17

...in the existence of hell.

"Do not be afraid of those who kill the body but cannot kill the soul. Rather, be afraid of the One who can destroy both body and soul in hell." Matthew 10:28

...in the existence of heaven, where God will one day gather all His believers in Christ.

"Dear friends, now we are children of God, and what we will be has not yet been made known. But we know that when He appears, we shall be like Him, for we shall see Him as He is." 1 John 3:2

... that man is saved only by faith in Christ.

"Jesus said to the woman, 'Your faith has saved you; go in peace." Luke 7:50

## Philosophy

#### Introduction

St. Paul Lutheran School is a ministry composed of supportive church members, pastors, school staff, parents, and students. It is not a school that exists unto itself; rather, we recognize our role and function in light of the congregational community, our local community, and globally.

#### The Role of Faculty

The Word of God serves as the basis for education at St. Paul. Each faculty member establishes a learning environment that communicates that we are all children of God, as well as members of the St. Paul family and community at large. We believe in the totality of a child's educational development, incorporating aspects of spiritual growth, intellectual awareness, social training, emotional outlets, and physical stimulation. Quality learning experiences relate the Christian faith to life experiences of the child.

For the faculty, it is imperative that Christ is the central point of focus in the educational process. We follow His command to love one another and to make disciples of all nations, and this message is evident in our instructional methods and materials. We value our relationship with parents as we partner with them in educating their child.

#### The Role of Parents

We believe that the academic, emotional, moral, physical, and spiritual growth of every child begins at home. Therefore, parents are the primary educators of their child. As partners, parents and faculty need to reinforce this relationship between child, parent, and school. It is a collective effort to effectively balance the life of home and school.

St. Paul Lutheran School seeks to collaborate with parents for the benefit of the child. We strive to work together to, "train up a child in the way he should go," so that the child is fully prepared to take the next step in his journey in faith and academics.

#### The Role of Students

We recognize that students are sinners redeemed by the blood of Jesus Christ, living a life covered by the grace and love He offers. We believe that it is the primary responsibility of the student to acquire knowledge and skills toward self-discipline, maturity, and intellectual growth.

In our changing world, it is imperative to think logically, creatively, and critically. Therefore, we utilize creative methods of discovery and scientific approaches to experimentation to gain basic knowledge, improve communication skills, and to gain an appreciation of the contributions of all in our culturally diverse community. We expect that each child uses his/her God given talents and intellect to the fullest.

## **Admissions**

Enrollment is open to any children whose parents who want them to have a Christ-centered education. The general order of acceptance for students in grades kindergarten through eighth, as classroom space is available, is as follows:

  learning disabilities, disciplinary problems, or unsatisfactory grades. If admission is granted, all such
  enrollments shall be probationary and reviewed at the end of the first six weeks and each grading
  period thereafter.

## Curriculum

Our curriculum is dedicated to educating the whole child and incorporates National, State, and Christian learner outcomes. We adhere to National Lutheran School Accreditation standards and the Michigan State Department of Public Instruction guidelines. Our elementary program is academically oriented in that we stress the basics: language arts, science, social studies, mathematics, fine arts and physical education. We give particular emphasis to reading, which is the key to all other learning. The teaching of the faith is integrated throughout all subject areas. The goal is to challenge each child to reach his or her maximum potential, thus preparing them for productive and effective lives of Christian leadership and service. Instruction in Christian doctrine, as drawn from Scripture, is central to the curriculum.

Grades K through 4 are essentially organized as self-contained classes, taught by one teacher, except for adjunct instructors in computer, art, Spanish, music, and physical education, which are taught in addition to the core curriculum. Grades 5 through 8 are more departmentalized than the earlier grades, reflecting the increasingly specialized nature of the teaching and learning taking place at this level.

The daily curriculum is enriched as much as possible through field trips, special assemblies, and hands-on activities.

## **Student Assessment**

St. Paul Lutheran School has implemented a student assessment system that is appropriate for each level of learning. Below you will find an assessment scale and explanation for the three grade department groupings.

## Kindergarten, 1st and 2<sup>nd</sup> Grade

The students are at the beginning stages of learning. The children are gaining mastery of letters, sounds, numbers and how to manipulate them, etc. At these levels the following assessments are employed:

B - Beginning (initially being introduced to a skill or concept) D -

Developing (continuing the study of a skill or concept)

S - Secure (mastering a skill or concept)

#### 3rd, 4th and 5th Grade

Core Subjects: The elementary students, 3<sup>rd</sup> - 8<sup>th</sup> grades, are assessed utilizing a traditional letter grade percentage system. Students are held accountable for their progress based on their performance on homework assignments, quizzes, tests, and projects. Weighting of grades is utilized in some instances. At these levels the following assessments are employed:

A+ 100%	B+	89%-87%	C+	79%-77%	D+	69%-67%
A 99%-93%	В	86%-83%	С	76%-73%	D	66%-63%
A- 92%-90%	B-	82%-80%	C-	72%-70%	_	62%-60% Below 59%

Non-Core Subjects at the elementary utilize the following grading system: 0 -

Outstanding

S - Satisfactory

N - Needs Improvement

#### 6th, 7th and 8th Grade

For core and non-core subjects, the middle grade students, 3<sup>rd</sup> · 8<sup>th</sup> grades, are assessed utilizing a traditional letter grade percentage system. Students are held accountable for their progress based on their performance on homework assignments, quizzes, tests, and projects. Weighting of grades is utilized in some instances. At these levels the following assessments are employed:

A+ 100%	B+ 89%-87%	C+ 79%-77%	D+	69%-67%
A 99%-93%	B 86%-83%	C 76%-73%	D	66%-63%
A- 92%-90%	B- 82%-80%	C- 72%-70%	D-	62%-60%
			F	Below 59%

## **Student Records**

The student record procedure at St. Paul Lutheran School is as follows.

- Parent or guardian of student is allowed to review the child's files upon request, and if a student is over 18, he/she may review his/her own files. Please provide advanced notice of 24 hours from request to the time of review.
- Records will not be furnished to individuals outside school instructional staff without written authorization from the parent, guardian, or student himself/herself if he/she has reached the age of 18.
- Parents, guardians, or students over age 18, upon the examination of student records, may file a
  request with the Principal that certain information be removed from student records.

## **Homework**

Homework is a positive and necessary aspect of the educational process. The amount and complexity varies with class and age levels. Homework is assigned when work required for concept mastery cannot be completed in the available time, to provide additional practice of skills, or in preparation for the next day.

## Standardized Testing Program

St. Paul Lutheran School utilizes nationally normed student testing each year. Tests measure student achievement and mental ability. Test results are shared with parents in the spring of each year.

## Student Progress Reporting

Report cards are issued four times during the school year, at the end of each quarter to report student progress especially in the academic life of the student. If you have any questions concerning the report, please contact your child's teacher to schedule an appointment to discuss your concerns. Student grades are also posted in the online FACTS module and are available to parents at any time during the year.

## **Class Size**

The school Board of Education recognizes the need for guidelines regarding the number of students that a teacher has in class. The board also recognizes that there are numerous additional factors that may affect the educational setting. The board and principal have set the following as guidelines for enrollment in the various classrooms. While these are just guidelines, every effort is made to adhere to them.

Kindergarten - full day\*\*
First through Eighth Grades"

Up to 15 Up to 30

These limitations do not apply in classes such as band, physical education, team teaching situations, special education, or music education classes.

\*\*Not more than 30 combined total students. A Enrollment beyond 26 will result in consideration of additional support based on individual needs of students.

## **Teacher Aides**

St. Paul Lutheran School employs a teacher aide to assist in classrooms for additional assistance. Whenever possible, St. Paul hires persons who are qualified teachers for these positions. Aides assist the classroom teacher with routine tasks and paperwork, and they supervise groups of students, allowing the teacher to spend more time with individual student needs.

## **Resource Room - Lutheran Special Education Ministries**

St. Paul works in conjunction with Lutheran Special Education Ministries (LSEM) to provide a special educational setting for students who are struggling in certain subject areas. The LSEM teacher serves as a resource person for the classroom teachers and provides testing and services to students as needed and authorized by the parents and principal. This intervention teacher may also work with students' one on one, or in small groups to support what they are doing in the classroom. When appropriate, the teacher may directly teach certain subject areas to students who need a different curriculum than that used in the classroom. The teacher is also able to facilitate further testing if the parents, teachers, and principal agree that this would be in the best interest of the student and in order to better assess the special educational needs of that student.

## Student Teachers/Field Work Students

St. Paul has the privilege and opportunity to provide training and mentoring to college students planning to enter the Lutheran teaching ministry or the public teaching profession. Students from Concordia University, Ann Arbor and other universities complete classroom field experience requirements for their educational program and partner with our experienced faculty to be mentored and coached. We also have the opportunity to assist and supervise older college students with their student teaching experience. We count these opportunities as blessings and enjoy our partnership with Concordia University's School of Education.

## **School Office**

The school office is open from 8:00 a.m. to 3:30 p.m. Monday through Friday on all full school days. Please feel free to call with any questions or concerns during office hours. Please call the office if you would like to schedule an appointment with the principal. The office telephone number is (734) 665-0604.

## **Hours of Operation**

Preschool/ Full Day Care 8:45 am - 11:45 am 7:30 am - 6:00 pm

**Grades K-8** 

Student Care Services *morning session* 7:00 am - 8:00 am

afternoon Session 3:15 pm - 6:00 pm

School Hours 8:15 am - 3:15 pm Half-days of school 8:15 am -11:30 am

School doors will open at 8:00 a.m. Students who arrive before 7:55 a.m. must report to the Student Care Program, unless they are participating in a sponsored school function at that time. School begins at 8:15 a.m. and closes promptly at 3:15 p.m.

## **School Closings**

If St. Paul needs to close due to an emergency such as inclement weather, there will be an announcement on the local television stations 2, 4 & 7. Radio stations WJR 760 AM & WWJ 950 AM will also carry the announcements. An announcement stating **"St. Paul Ann Arbor all sites"** are closed means that all school programs at the Earhart and Liberty campuses are closed.

Families will receive a message from FACTs notifying them directly via phone call, text and/or email. We respect and support the parent's decision regarding attendance on any inclement weather day, but we will remain open whenever possible to accommodate those families that can safely commute to school and work.

## **After School Pick-Up Procedure**

After school pick-up lasts from 3:15-3:30pm.

- · When you arrive, form one line of cars along the sidewalk and down the east end of the parking lot.
- Students will be loaded along the entire length of the sidewalk in front of the Middle School wing.
- Pull as far forward as you can, even if it means you cannot stop in front of your child. We will walk your child to you. We can load more cars at any one time when we leave no gaps.
- Please remind your child to be ready to quickly get into their car. If they are not ready, the teachers will ask
  you to either park or get in line again. Please be supportive and ask your child to be ready. If we wait for
  you, it will slow the whole process.
- The same procedure is used on rainy days except kindergarten students will be dismissed from the east portico (main entrance) and the rest of the students will be dismissed from the gym entrance.
- Please refrain from using cell phones for the safety of the students.

#### What do I do if I do not want to wait in the car line?

- You may park in the lot and walk across to get your child. Please cross only at the crosswalk. There are crosswalks in front of the office entrance and in front of the Crusader Gym entrance.
- Please do not let your child walk ahead of you in the parking lot, even if they are in Middle School.
- Please notify the school office in advance when someone other than a parent or authorized person is picking
  up the student. Students will be released only to those people so authorized by you as noted on our records.

## **Attendance**

Attendance is taken in each room at 8:15 a.m. Parents should notify the school office at (734) 665 - 8822 by 9:00 a.m. on the day of the student's absence. An automated voice mail system will take your message. The school office will forward the information to the student's teacher. Students who miss the school day due to illness will not be allowed to participate in school activities on the day of the absence. Students must be present for an academic half-day following the lunch hour to be eligible for extracurricular activities - practice or play - on that day. An excuse issued by a medical professional will waive this requirement.

#### **Absences**

After 10:00 a.m. and before noon, the student is absent for the morning session or 1/2 day

- If the student leaves for the day after 12:00 p.m., they are absent 1/2 day.
- When a student is absent from school, a parent must call the school and explain the cause of absence.
- If a student is absent three (3) consecutive days without a valid excuse, the student is truant.
- School-sponsored events such as field trips are considered regular school days and students are expected to attend.
- Work missed when one is absent due to illness is to be made up within a reasonable time following a student's return to school. "Reasonable" is normally understood to mean within the same number of days as the sickness lasted. Special circumstances will be considered, however, especially if the absence exceeds three days.
- Please contact your child's teacher to arrange for assignments.

#### **Planned Absences**

If you choose to take your child out of school for a vacation during the school year, please make prior arrangements with your child's teacher for missed schoolwork.

#### **Excessive Absences**

St. Paul reserves the right to review student enrollment and grade placement based on absences at any time. If a student reaches 20 absences during any school calendar year, their academic and attendance record will be reviewed by the administration of the school to determine the best course of action regarding grade placement for the following year and enrollment status.

#### **Medical Appointments**

Whenever possible, parents are urged to arrange dental and doctor appointments so as not to interfere with the student's school day. However, when such scheduling is not possible, we ask that you notify the student's teacher in advance of the appointment.

#### **Leaving School**

If your child needs to leave the campus during the school day for an appointment, please contact the school office or send a note to your child's teacher stating the date and time you will pick him/her up from the school office. The student will be waiting in the office for the adult to arrive. The parent (or responsible adult) needs to come into the office and sign out the child. When returning, please accompany the child to the office, sign them in and the child will be sent to his/her class.

#### **Tardiness**

Regular attendance is essential if a student is to make use of the educational opportunities the school offers. We believe it is of vital importance that students are in their classrooms ready to learn at the start of the school day and beginning of each class period. Being punctual is an important life skill. Students arriving to their homeroom after 8:15 a.m. are late to the beginning of the day and must sign in at the office. A note explaining the tardy is beneficial. If your child has a planned tardy to school, please contact the office before 9:00 a.m. to let us know they will be in later that day. The only excusable tardy is for medical, dental, or other approved educational appointments.

\_

We also believe in letting the natural consequences of an action be a motivation for a change in behavior. If a child is late to school, the natural consequence is missing any work that is handed out or graded during the time the student is not present. Teachers may not give academic credit to work that a student missed because of their tardiness to class/school. Exceptions may be made for family emergencies, medical appointments, or other approved educational service appointments with a note signed by the responsible person. Continued tardiness will be addressed on an individual basis.

## **Church Attendance**

God speaks to us in Scripture and says: "Remember the Sabbath day to keep it holy." Exodus 20:8. In keeping with God's command, it is the duty and privilege of every Christian to regularly attend church services.

## Communication

The main methods of communication are through the St. Paul Enews, our weekly emailed school newsletter, website, Facebook, & Twitter. Items of interest are posted on the website and on the social media accounts regularly. The Enews is e-mailed on or before the first school day of each week. The Enews is a vital source of information from the school to the family. Please take the time to read the newsletter. This will help to synchronize the school community and your family so that we will be better equipped to partner with you in educating your child.

FACTS is our Internet school portal for students in grades K-8 that helps parents view up-to-date student grades. Parents will be instructed as to the proper sign-in procedure so that they can have access to their child's information. Teachers post assignments and general classroom information on the classroom page of FACTS. Progress reports and report cards are viewed through FACTS. The annual final report card will be mailed to the family home at the end of the school year after all accounts have been paid in full.

It is imperative that the school office has current information about each student. Please make sure to inform the school office of any changes in your personal information.

Parent and teacher conferences are held at the end of the first quarter of the school year and are essential touch points for reviewing student progress. All parents are expected to attend. In addition, parents may contact teachers via email or phone. Teachers are available after 3:30 p.m., or you may call the office and leave a message. All teachers have a telephone with voicemail in their individual classroom. The teacher will return calls as soon as possible after the close of the school day. Generally, classroom sessions will not be interrupted except in case of emergency.

## **Parent Teacher Conferences**

Parent teacher communication is essential to establishing the appropriate educational setting for the student. Through such conferences the parent and teacher establish a partnership to assist the student in the educational process. Through such conferences, the parent is made aware of the progress being made by the student in the various areas of the child's development. Required conferences are held at the end of the first quarter, but either the parent or teacher may request additional conferences. A spring conference, after the third quarter, may also be utilized if considered necessary. Parents are encouraged to contact the teacher as needed.

## **School Directory**

Our St. Paul Family Directory is published at the beginning of each school year. The directory is distributed to the parents, teacher and staff of St. Paul and is intended for their private use only. The use of the directory for business purposes, or for telephone or mail solicitation is forbidden

## **Student Health**

The county health department provides regularly scheduled hearing and vision tests for our students. Basic health service is available through the teacher and/or the school office. Parents will be notified when the situation warrants. Each student must have a completed emergency contact information form on file in the school office.

Under provisions of Michigan Law, all students enrolling for the first time in or transferring to a Michigan school must have a record of having been adequately immunized against diphtheria, whooping cough, tetanus, polio, measles, rubella, and mumps. Parents must submit a record to the school regarding the immunization status of their child. If, for religious or philosophical reasons, parents do not wish their child to be vaccinated, a signed waiver must be on file in the school office.

## **Administration of Medications**

Students are not permitted to have prescription or nonprescription medication in the school unless the following guidelines are observed.

#### **Prescription Medication**

- A request to administer medication must be submitted to the office in writing and signed by the student's parent or guardian.
- The request must include the medication's prescription including any special instructions for administration, and the prescribing physician's name.
- All medication must be in its original container.
- A school staff member, in the presence of another adult, must administer the medication.
- Unless special arrangements are made, it is the student's responsibility to report to the teacher at the time medication is to be taken.
- Michigan law allows students to keep inhalers with them at all times.
- The office staff will keep a written record of all medications administered.

#### **Nonprescription Medication**

Nonprescription medication, while not prohibited, is generally discouraged. However, nonprescription medication may be administered in the school according to the following guidelines.

- The request to administer non prescription medication, along with instructions for the administration, must be in writing and signed by the student's parent/guardian.
- Medication must be in its original container.
- Nonprescription medication must be kept in the school office for administration .
- Unless special arrangements are made, it is the student's responsibility to request permission to report to the school office at the time medication is to be taken.
- The office staff will keep a written log of all nonprescription medication administered.
- Cough drops should be in their original container and may be given to the classroom teacher to be administered.

## **Building and Property Care**

Students are expected to treat property with care and respect. Students are held responsible for any intentional or accidental damage to school property. Textbooks become the student's responsibility when issued at the beginning of the year. Normal wear is expected; unnecessary wear and damage will result in the student being charged the replacement cost of the book.

## **Building Security**

We are concerned for the safety of our children, and in their interest, the outer doors of the buildings are locked during the school day. If you arrive after 8:15 a.m., the building will be locked. In that circumstance, you must push the button at the door and request permission to enter the building. You will be asked to check in at the school office and you will be asked to wear an identification tag during your visit.

## **General School Rules and Procedures**

- Walk at all times while in the building.
- Speak quietly and respectfully to fellow students and staff.
- · Leave all gum at home.
- Treat other students in a respectful and positive manner.
- Ask for the teacher's permission before leaving any classroom.
- Keep school facilities and grounds neat and clean.
- Students must demonstrate respect for the opposite sex and observe all students' personal space in the school building or grounds. (No holding hands, arm around opposite sex, sitting close, etc.)

## **Discipline**

Proverbs 22:6 says, "Train up a child in the way they should go." St. Paul Lutheran School attempts to follow these words from Scripture in our school discipline. We do not view discipline as punishment, but rather as a means of teaching self-control, responsibility, cooperation, and respect. Our faculty and staff interact with students in accordance with the teachings of Jesus Christ. We encourage actions that are necessary for positive growth, redirect negative behavior where it is necessary, and ultimately, attempt to stop unacceptable behaviors that interfere with the learning process. Our goal is to lead children to understand that a love of the Lord is the first priority in life, a love for one another as brothers and sisters in Christ as we serve and respect individuals' rights follows, and loving and respecting oneself as God's child is third.

We commit ourselves to a cooperative effort with parents and children to provide an atmosphere that is Godpleasing. Characteristics of such an atmosphere include the following:

- Students who demonstrate their faith in Christ through words and actions.
- Students who exhibit pride in their school, their own learning and accomplishments, and the accomplishments of their schoolmates.
- Students who respect their teachers, staff, parents, fellow students, school, and themselves.
- Students who know and obey the rules and decisions of those in authority.
- Students who are accountable for their own actions and realize that with privileges there are always responsibilities.

Promoting positive behavior in our students follows four distinct stages:

#### Redirection

The teacher, guided by God's Word, accomplishes the enforcement of discipline. Classroom teachers will take measures to ensure that the classroom environment remains positive and educational. In most cases, a word of counsel from the teacher to the student sufficiently corrects the problem.

#### **Parent Contact**

If a teacher cannot obtain acceptable conduct and cooperation from a student, the teacher will contact the parent(s) of the student(s). The most important outgrowth of the discipline plan is the understanding that both the parent and the teacher have a mutual interest, namely, the success of the child. Ongoing communication between the parent and the teacher can help guide the child through a successful school year.

#### Referral

If the problem remains unresolved, the student is referred to the principal. The principal will work toward an understanding and resolution, and the student will be returned to class as soon as possible. The principal may gather information and work with teachers, parents of the student, and other faculty or staff members as needed to create strategies to ensure the student's success. This may result in logical consequences including, but not limited to, some form of further conference, apology, rectification of damages, behavior contract, suspension, or an alternatives thereof.

#### Consultation

If the problem continues, or if a serious problem arises requiring immediate suspension from the school, a consultation of the student, parent(s), and school administrator(s) is required. The student's return to school will be determined as a result of the consultation process. The conditions of the probationary return will be outlined upon return. If the problem still continues, the principal may expel the child from school.

In the case of flagrant misbehavior, the school principal may begin the process at any level, including expulsion. Parents will have the right to appeal such an action to the Board of Education and may ask for a hearing by the Board.

Finally, the school will *not* use corporal punishment on a student for any misbehavior.

## **Abuse/Harassment Policy**

The policy of St. Paul is to maintain the learning and working environment free from threats of violence. St. Paul Lutheran School is designated as a smoke free, drug free, weapon free zone. Any form of illegal discrimination, harassment, or physical abuse by a student, faculty member, staff member, or volunteer is contrary to the policies of St. Paul and is subject to appropriate disciplinary action. The disciplinary action could include suspension or expulsion from, or termination of employment from, the school. St. Paul will treat allegations of harassment, threats of violence, or physical abuse seriously and will review and investigate such allegations in a prompt, confidential, and thorough manner.

A charge of harassment shall not, in and of itself, create the presumption of wrongdoing. However, substantiated acts of harassment will result in disciplinary action, up to and including expulsion. Persons found to have made false or frivolous charges will also be subject to disciplinary action.

Harassment or abuse occurs when an individual is subjected to treatment or an environment that is generally acknowledged to be recognizable as hostile or intimidating to a reasonable individual. Harassment or abuse can occur anytime during school or work related activities. It includes, but is not limited to, any or all of the following:

- Verbal Harassment: Derogatory comments and jokes with the intent to intimidate, embarrass, harm or threaten another, or obscene words spoken to and directed at another person. Racial and/or personal comments.
- Social Harassment: Being specifically excluded from activities, extraordinary pressure to conform, rumor spreading.
- Physical Harassment: Unwanted and inappropriate physical touching, contact, assault; movements

deliberately impeding, blocking, or interfering with another; or any unreasonable and inappropriate intimidating interference with an individual's normal work, position, or movement. Destroying, stealing and/or extortion of property.

- Visual Harassment: Publicly displaying or making obscene gestures with the intent to embarrass; derogatory, demeaning, or inflammatory posters, cartoons, written words, or drawings.
- Sexual Harassment: Repeated and/or inappropriate or improper and unwelcome sexual advances, requests
  for sexual favors, inappropriate and/or other unwelcome verbal or physical conduct of a sexual nature, or a
  circumstance where an individual misuses a position of authority to obtain inappropriate sexual advantage
  or conduct of a subordinate or one under an individual's supervision, authority, or tutelage.
- Physical Abuse: Includes using or threatening to use physical force or objects to inflict bodily harm on another person.

Instances of abuse or harassment at St. Paul are handled with maximum regard for the confidentiality and protection of all persons involved. This process is activated at the request of the complainant. In the case of students, this process may be initiated at the request of the parents.

## **Complaint Procedure**

Grievances are addressed in a fair and Christian manner in an attempt to reconcile. Those who believe they have been a victim of any type of abuse should discuss the offensive behavior with the offending party, in accordance with Matthew 18:15-21. The complainant should meet with the appropriate administrator if this procedure is unsuccessful. The complaint should be directed as follows: If the complainant is on the staff of St. Paul, a student at St. Paul, or the parent of a student at St. Paul, the complainant will meet with the principal. If the complaint is against the principal of St. Paul, the complainant shall be referred to the Executive Team. Since the Executive Team is composed of the senior pastor, principal, and business manager, the Executive Team will act without the principal in this situation.

Any employee, student, or agent of St. Paul Lutheran School who participates in any kind of abuse or harassment of a student or another employee is subject to disciplinary action, including but not limited to verbal warnings, letters of reprimand, transfer, reassignment, suspension without pay, and/or dismissal.

Any student at St. Paul who engages in abuse or harassment of another student or staff member is subject to disciplinary action, including verbal warnings, reprimands, counseling, suspension, and/or expulsion.

The administrator involved will offer support, provide referral information, answer questions about school/church policies, and explain the options open to the complainant. At any time during this process, resolution may be achieved by the administrator meeting with the accused individually, meeting with the complainant and the accused, or meeting with the two parties and another mediator.

If the complaint is not resolved by actions taken above, complainants may appeal in writing to the Executive Team. The Executive Team will hear the complaint to reach a resolution and issue a final decision.

If the violation warrants the involvement of law enforcement authorities, the complainant or appropriate administrator may contact law enforcement authorities.

## **Conflict Resolution**

Our conflict resolution policy is based upon Matthew 18:15-17.

- When a conflict between a parent and a faculty/staff member arises:
  - The involved parties will have a minimum of two face-to-face meetings.
  - If the conflict remains unresolved, the parent, faculty/staff member, and principal will have a face-to-face meeting
  - o If the conflict remains unresolved, the parent and principal will have a face-to-face meeting.
  - After the above meetings, if the parent deems the resolution of the conflict unsatisfactory, or if the conflict is still not resolved,
    - The parent may file a written complaint with the Executive Team.
    - The faculty/staff member involved may file a written response to the complaint.
    - The Executive Team will review the written documents.
  - If the Executive Team believes the resolution is satisfactory, it will issue a written response to the parent.
  - If the Executive Team believes the resolution was not satisfactory, or if there was no resolution, the Executive Team will meet with the parent and the faculty/staff member individually as follows:
    - Each party will be given fifteen minutes to summarize the conflict.
    - After each side has been heard, the Executive Team will devise a resolution.
    - This resolution will be final.
- When a conflict between a parent and the principal arises. Note: the Executive Team will act without the principal
  - The involved parties will have a minimum of two face-to-face meetings.
  - o If the conflict remains unresolved or the parent deems the resolution unsatisfactory
    - The parent may file a written complaint with the Executive Team.
    - The principal may file a written response to the complaint.
    - The Executive Team will review the written documents.
  - If the Executive Team believes the resolution is satisfactory, it will issue a written response to the parent.
  - If the Executive Team believes the resolution was not satisfactory, or if the conflict was not resolved, the Executive Team will meet with the parent and the principal individually as follows:
    - Each party will be given fifteen minutes to summarize the conflict.
    - After each side has been heard, the Executive Team will devise a resolution.
    - This resolution will be final.

## **Notice of Racial Non-Discrimination**

St. Paul Lutheran School admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarships, and athletic and other school administered programs. St. Paul Lutheran School cherishes its right and duty to seek and retain students who will make a positive contribution to its religious character, goals, and mission in order to enhance its Lutheran, Christian tradition.

## **Child Abuse/Neglect - Reporting Obligations**

In accordance with St. Paul Lutheran School and Michigan State, school staff is obligated under penalty to report the reasonable suspicion of physical abuse, emotional deprivation, physical neglect, inadequate supervision, or sexual abuse and exploitation. In this very serious and legally narrow area, the school will not contact parents in advance of making a report to legal authorities which would be the procedure followed in most other legal matters. The clear intent of the law, based on the seriousness of the crimes listed above, is to mandate that a report of reasonable suspicion of abuse be made. School staff will make such reports in the best interest of the affected child and do not, once reasonable suspicion is established, have any legal alternative except to make the report to the proper authorities for their investigation and review.

## **Legal Guardianship Matters**

In matters concerning legal guardianship, parents must ensure that this information is recorded in FACTS, communicated to the school administration, and ensures that a copy of the current court order dealing with child custody or visitation rights as a result of the action affecting the family including all restrictions of privileges of parents/guardians is in the school administration office.

## **Tuition and Fees**

#### Kindergarten through Eighth Grade

Tuition for each student is approximately \$10,000.

In an effort to provide more children the opportunity for Christian education, St. Paul Lutheran Church awards each student automatic scholarships, regardless of church affiliation. In addition, further church partner scholarships and multi-sibling discounts are available to qualifying families. Please contact the school office or go to school.stpaulannarbor.org for current tuition and financial aid information.

#### **Payment of Tuition & Fees**

Payment of the established school tuition is to be made on a schedule of ten equal monthly payments. The first payment is to be made by the 25<sup>th</sup> of August, and subsequent monthly payments are due on the 20<sup>th</sup> of the month (September through May inclusive). Whenever possible the Board of Education encourages that advance payments be made (i.e. annually, semiannually). Statements will be sent to you via FACTS on the 15th of each month. If an account is in arrears, the principal's office will call the parent/guardian at home with a reminder. If no response is given, a phone call to the parent workplace will be made. It is the parent's/guardian's responsibility to inform the school office of how the balance will be paid. Failure to respond may result in the account being sent to a collection agency.

Note: Students whose accounts are not paid in full by the end of the school year will not be re-enrolled until such time as their account balance is paid. To insure a spot for the student for the following year, it is required that the person responsible for the student's account notify the principal of any extenuating circumstances and work out a payment schedule.

## **Tuition Assistance Program**

Occasionally families experience financial hardship. When families are unable to meet their obligations to the school, they are encouraged to contact the school office. Tuition Assistance may be provided by St. Paul School. Applicants must complete the Financial Aid application in FACTS for consideration. We believe that our Standards of Dress contributes to:

In teaching proper stewardship of those blessings, which the Lord has given us, offerings will be taken at all chapel services held at the school. These monies and specifically requested items will be given to projects suggested by the chapel committee and the students under the teacher's guidance. We ask parents to encourage students to give of their own funds. We hope that these projects will promote true Christian giving in the hearts of the students.

#### **Music Concerts**

Concerts take place each fall and spring in the Crusader Gym. The school choirs and advanced band perform in the fall. The spring concert includes performances by the 3<sup>rd</sup> and 4<sup>th</sup> grade recorder students, the school choirs and both bands. Students in grades K-4 usually present a Musical every other spring. Recital Day is held each spring for interested students to perform during the school day for their schoolmates.

#### **Scouts**

St. Paul Lutheran School is willing to sponsor Girl Scout, Brownie, and Cub Scout troops. Parents must take the initiative in organization and leadership. Information regarding meetings, etc. will appear in the school newsletter.

## **Volunteer Screening Policy and Procedure**

#### **Policy Statement:**

All volunteers who work with children at St. Paul Lutheran School must comply with the screening. This policy includes, but is not limited to, a background check on the applicant.

#### Purpose:

It is the goal of St. Paul Lutheran School to provide:

- A safe environment for all children involved in any school-sponsored program or activity.
- Comfortable working conditions for all employees and volunteers working with children.

#### **Objectives:**

- That all children be treated with courtesy, respect, and Christian love while attending the programs and activities of St. Paul Lutheran School.
- That the activities and programs of St. Paul Lutheran School are conducted in a safe and secure
  environment and that the children are properly supervised while participating in these activities and
  programs.
- That volunteers and employees who work with children receive appropriate training to properly supervise and conduct the activities and programs, and respond to and report dangerous or inappropriate situations.

#### **Volunteer Screening Requirements**

St. Paul Lutheran School welcomes and encourages involvement from parents, grandparents, community members, businesses, community organizations, and representatives of other educational institutions.

Certain processes must be completed prior to volunteering in your child's classroom. (All volunteers will be screened through the State of Michigan Central Registry).

- Submit to a criminal background check via the State of Michigan via the Raptor System.
- During school hours, sign in on the Raptor System.
- Volunteer drivers for field trips must have a current driver's license and provide proof of insurance

Volunteers are the responsibility of the immediate supervisor within the functional area (i.e. athletic director and coach, office help and secretary, classroom aide and teacher). It is expected that the duties and responsibilities of the volunteer activity be clearly communicated to the volunteer by the supervisor.

#### **Guidelines for Volunteers:**

- All volunteers must submit to the rules, recommendations, and requests of the immediate supervisor.
   The supervisor is ultimately responsible and must be allowed to use his/her experience to preclude any detrimental situations.
- Lights are to remain on and door windows are not to be covered. Should lights need to be turned off for a particular activity, the immediate supervisor will be notified in advance.
- All volunteers should use good judgment when needing to speak to a student. It is always preferable to have a second adult in the room when a one-on-one conversation is needed with a student.
- Topics, vocabulary, and attire should not be used or worn which may portray a negative message to students or parents.
- Adult volunteers should not use alcohol during a scheduled activity or prior to the activity.
- Generally, physical contact is unnecessary, but if necessary (such as in a sport), volunteers should use good judgment. Capital punishment is not allowed.
- Volunteers will always act in a professional manner in dealing with students.
- If a volunteer believes that a student is in an unsafe or abusive home, he/she shall report it to the immediate supervisor.

The faculty commits to partnering with parents to assist the student in developing their talents and abilities to their fullest extent.

#### The commitment of each family

Understanding that education works best when it is understood to be an extension of the home, St. Paul School asks that all families make the following commitments.

- 1. We understand and accept that St. Paul School incorporates Biblical principles throughout its curriculum.
- 2. We understand and accept that St. Paul School strives to assist each student in developing a proper understanding and use of the Bible.
- 3. We will use our time and talents in providing assistance to the school whenever possible.
- 4. We will make wise use of the financial resources that God has given us and will take care of any financial responsibilities to the school.
- 5. We will support the discipline program as outlined by the teacher and school.
- 6. We will expect our child(ren) to complete school assignments and we will provide help and support when needed.
- 7. We will avoid unnecessary absences or tardiness by encouraging and promoting the importance of regular school attendance.

## **Student Care Services**

Our goal is to provide each student with a Christ Centered Program offering a structured before and after school care environment. Our program is fully licensed through the Michigan Department of Human Services. The MOHS fully reviews our policy and procedures, staffing and physical plant to help assure the safety of each student. We welcome open communication from our school families. If you have any questions regarding our program, please feel free to call or email the program director, or schedule an appointment.

#### **Hours of Operation**

7:00 - 8:00 a.m. every scheduled school day in the Fine Arts Room. 3:15-6:00 p.m. every scheduled *full* day of school in the Fine Arts Room. Note: Student Care is not available in the afternoon on half days of school.

Fees Hourly Late Fee

\$5.25/hour/1<sup>s1</sup> child; \$4.75/hour 2<sup>nd</sup> child; \$2.50/hour 3<sup>rd</sup> child; \$12.25 max/hour per family \$1.00/minute/child

#### **Billing**

There is a one-hour minimum billing rate for the first hour, or any part of it and then billing occurs in half hour increments. Parents will be billed monthly on their school statements. All charges for this service must be paid in full each month for continued participation in the Student Care Program. Parents are responsible for signing their child(ren) out each day. Failure to sign out will result in charges for the full three hours of afternoon student care.

#### **Student Check In Procedure**

Any student not picked up from school by 3:30 p.m., and any student arriving on campus before 7:45 a.m. will automatically be assigned to the student care program. Students who attend Student Care after school will check in at the Fine Arts Room. They are given a snack and participate in devotions. Students are then offered "structured free time", where several different activities may be selected. Students may recess to the playground, weather permitting. Please send appropriate clothing for your child to wear outside. Students may also decide to work on an art project, play a board game, or complete homework assignments. At times, appropriate movies are available to watch.

#### **Sign Out Procedure**

A Parent/guardian must sign out their child(ren) each day. If your child is not signed out, you will be charged for the full three hours of after school care. It is the policy of St. Paul School that no student may be released from student care, unless it is to an authorized adult. Authorized adults include parent/guardian, persons listed on the student emergency card, staff representatives and coaches/leaders of St. Paul School Programs that students are a member of, or an adult that has written permission from the parent/guardian. Please note that we do not allow students to make phone calls during or after school to make arrangements with other students or families.

#### **Student Placement**

Our Student Care Program is established to supervise students, ages five through fourteen, before and after school. Because we have an early childhood care center at our school, we can separate the five-year-olds from the older students in our after school care program. Unless parents choose otherwise, the five-year-olds, primarily the Kindergarten students, attend the St. Paul Early Childhood Center after school care, and the first through eighth grade students go to the after school Student Care Program. At times, our first graders may be five for the first part of the year. The state licensing rules are more concerned with age than grade level, which requires more diligence affecting the transition from the early childhood program to the school Student Care Program.

#### **Student Care Rules**

#### General Rules

- 1. Respect the rights of others
- 2. Keep hands, feet and body from touching others
- 3. Speak respectfully to peers and adults
- 4. Follow directions given by staff members

#### Inside Procedures

- 2. All tables must be completely cleared before snack is given
- 3. After snack, throw away all garbage

#### **Outside Rules**

- 1. Stay on the woodchip area of the playground, the black top play area or the grass by the building
- 2. Woodchips are to be left on the ground

# **Christian Sexuality Education**

Request for Student Exclusion from Class

During the school year, all students at St. Paul have the opportunity to receive information in the area of Christian sexuality. While this instruction is primarily the responsibility of parents, as a Christian school we feel we should reinforce the teaching of parents and help children understand the differences and changes that occur in their bodies.

All students in grades K-8 receive age appropriate instruction from their teachers. Beginning in the 4<sup>th</sup> grade, male and female students receive this instruction separately. Parents may be invited to attend some of the sessions. We encourage you to discuss this matter with your child before this topic is covered at the school.

The resources used by the school place a Christian emphasis on this topic. Concordia Publishing House, the religious publishing company operated by the Lutheran Church-Missouri Synod, publishes most of the materials. The materials are age appropriate and presented from the Christian perspective. These materials are available in the library for review by parents prior to presentations. Please contact your child's teacher if you wish to review this material.

All students will receive this instruction unless you, as the parents, wish to have your child excluded his instruction. In order to exercise this option of exclusion, please complete the form below.			
Yes, I received the information concerning the presentation of Christian sexuality materials			
and I would like for my child(ren) to be excluded from this instruction during the school year.
